3. Past Enrollments

- In the Past Enrollments menu, you can check all the courses you opened.

Calender

The screenshot shows a web calendar interface. On the left is a blue sidebar with navigation links: Account, Dashboard, Courses, Calendar (highlighted), Inbox, and Help. The main area displays a calendar for November 2020, currently in 'Month' view. The calendar grid shows events for various days. On the right, there's a secondary calendar view for November 2020 and a list of calendars (교수01, Course_HK004, Course_HK005, R 프로그래밍 HK, 빅데이터 분석 입문, 소프트웨어공학 001분반, Xinics 테스트 과목). Below these are 'UNDATED' and 'Calendar Feed' links. Two 'Edit Event' modal windows are overlaid. The left modal is for an 'Event' and the right is for an 'Assignment'. Both modals have fields for Title, Date, From, Location, and Calendar, along with 'More Options' and 'Submit' buttons.

Due: Tue Nov 17, 2020 11:59

Group: 과제

More Options Submit

1. You can check on the schedule for the set time periods for all courses.
2. You can choose whether to display by Course or not.
3. You can check the schedule view status by selecting week / month / schedule list type.

Inbox

1. Inbox

- Select the 'Inbox' menu on the global navigation menu to go to the Inbox.
- If there are new messages, a new message badge is displayed in the message box menu.

2. Select message list and browse contents

- By selecting a message list, you can view the contents displayed on the right side and reply as needed.

Inbox – Send a new message

The screenshot shows the Canvas LMS inbox interface. On the left is a blue navigation sidebar with icons for Account, Dashboard, Courses, Calendar, Inbox, and Help. The 'Inbox' icon is highlighted with a red circle and the number '1'. At the top of the inbox, there are dropdown menus for 'All Courses' and 'Inbox', followed by a toolbar with icons for composing a new message (pencil icon), replying, replying all, downloading, deleting, and settings. The 'Compose' icon is highlighted with a red circle and the number '2'. The inbox list on the left shows several messages, with the most recent one from November 6, 2020, selected. The message content is in Korean, titled '수업 일정 변경 공지' (Class Schedule Change Notice), and mentions '소프트웨어공학 001분반' (Software Engineering 001 Section). The message body states: '수업 일정 변경 공지 드립니다. 과목 내 공지사항 게시판을 참고해 주시기 바랍니다.' (We are notifying you of a class schedule change. Please refer to the announcement board in the course for details.)

1. Select the 'Inbox' menu on the global navigation menu to go to the Inbox.
2. Click the Send a new message icon.

Inbox – Send a new message

1. Select a subject.
2. Specifies the recipient.
 - Subject Specify all users as recipients or by professor/student/learning group.
3. Type a message.
4. Send
 - After setting up the message recipient, enter a subject/content to 'send'.

[Tip] How do I select only specific recipients?
To select only specific recipients and designate them as recipients, press and hold the Ctrl key while selecting multiple students.

Lecture Contents

The screenshot shows a web interface for a course titled '소프트웨어공학 001분반 > 소프트웨어공학 001'. The interface includes a left sidebar with navigation links: 홈, 사용자 및 그룹, 수업 계획서, 과제 및 평가, 공지, 문의게시판, 강의콘텐츠, 시험 및 설문, 토론, 강의자료실, 출결/학습 현황, and 성적. The main content area displays a weekly schedule with a grid of days (01 to 16). A red circle with the number '2' points to the course title. Another red circle with the number '3' points to the '1주차' (Week 1) section. A red circle with the number '4' points to a specific learning item titled '1주차 강의' (Week 1 Lecture). A red circle with the number '5' points to a progress bar showing '2/4'. A red circle with the number '6' points to a quiz titled '1주차 학습진단 퀴즈' (Week 1 Learning Assessment Quiz). A red circle with the number '1' points to the '강의콘텐츠' (Lecture Content) link in the sidebar.

1. Learning Lecture Contents

- Learn by weekly Learning.

2. Check learning status

01 All applicable lessons have been completed.

01 Some of these lessons have been completed.

01 None of these lessons have been completed yet.

3. Week currently in progress

- Only the week that is in progress will unfold (you can move to another week lot or view the whole area).

4. Information by Learning Element

- The icons, titles, and information for each learning element type are displayed. (Click on the title to go to the Learning page.)

5. attendance status

- In the video, the attendance status for items subject to attendance is displayed.

6. Study completion status

- Shows the number of completed courses, including learning and submitting assignments, including non-attendance items.

3

1. Check the duration and basic information of the course video attendance
2. Update progress check history and learning status information to confirm
 - Click the 'Refresh Learn Status' button below the image to update the progress record.
3. check attendance status
 - Video items that are eligible for attendance will be marked with additional 'Outgoing Status'.
 - **Attendance:** Attendance will be displayed when viewing is completed within the attendance period.
 - **Percept:** If you have watched it during the perception period, you will be late. (If the professor has not set a perception period, he will be treated as 'absent' immediately after the attendance period.)
 - **Absent:** If the attendance/delay acknowledgement deadline is not within the learning acceptance rate, the status will automatically be **Absent** after that period.
 - **Incomplete:** Uncompleted results that have not yet passed the deadline will be marked as **Incomplete**.

참고

- 학습 상태 확인 정보는 학교의 진도 기록 정책에 따라 2분~5분 단위로 갱신됩니다. 학습환경 네트워크 상황에 따라 기록이 다소 늦게 갱신될 수도 있습니다.
- 「학습 상태 확인」 버튼을 자주 누른다고 해서 진도 기록 정보가 잦은 단위로 전송되는 것은 아닙니다. 시청 페이지를 벗어나거나 새로고침하지 않더라도 학습 진행 및 완료 상태를 손쉽게 확인하기 위한 용도입니다.

- Due: This Saturday, Midnight Closing

- You may have accessed the task page to submit your task, but you may not see the Go To [Submit Assignment] button.
- This is because the professor has set the assignment submission method to offline submission. In other words, the fact that the assignment should be submitted is indicated through LMS, but the actual submission should be made in a different way, such as in the department office, in the professor's lab, or in a separate email.
- Therefore, if you do not see the Submit Task button, please check the submission method separately or contact the LMS department.

Check Submission Results

Week 2 Assignment

Due Friday by 3:30pm **Points** 10 **Submitting** a file upload **Available** after Nov 1 at 3pm

Summarize the class and write down the insights you got from it.

- Amount: 1 page or more
- Due: This Saturday, Midnight Closing

1. Check Submission Results

- When you submit a task, information about the submission will be displayed on the right side of the screen.

2. If the task has been re-submitted by the professor, the Re-submit Task button can be used to resubmit the revised task.

[Note]
If you resubmit your assignment, you will be able to access only the most recent submission. However, the professor can view all submissions, including previous submissions.

Week 1 Quiz

마감일 12월 4일 오후 2:59 | 열람 기간 11월 23일 오후 3:00 ~ 12월 4일 오후 3:59 | 배점 4점 | 4 문제

참여기간입니다.

Instructions

Please solve 3ing two questions based on your study.

Take the Quiz

1. From the Lecture Contents menu, click the list of quizzes you want to take.
2. Click a [Take the quiz].
3. To check the requirements and explanations of the quiz and participate in the quiz
 - Review the basic requirements and descriptions, including the deadline for submitting quizzes, duration of reading, points, and number of questions, and select the 'Take the Quiz' button to begin the solving.

Take the quiz

Week 1 Quiz

Due date **December 4, 2:59 PM** | Learning period **November 23, 3:00 PM ~ December 4, 3:59 PM** | Points **4Point** | 4 questions

 Attendance period.

Started: Dec 2 at 3:28pm

Quiz Instructions

Please solve the following two questions based on your study.

Question 2

1 pts

What are the methods and procedures for solving the problem called?

- ☐ Algorithm
- ☐ Compile
- ☐ Coding
- ☐ Debugging
- ☐ a programming language

Time Running: [Hide](#)

Attempt due: Dec 4 at
2:59pm

9 Minutes, 47 Seconds

[Note]

- For a timed quiz, the timer will continue to run even if it is interrupted and the quiz will automatically be submitted when the time is up.
- If your browser allows you to leave the quiz, you can pause the quiz by closing the quiz page.
- When you're ready to restart the quiz, the quiz starts again in the interrupted position.

4

1. To check the requirements and explanations of the quiz

2. Solving quiz questions

- By default, the quiz displays all questions on one page.
- Depending on your settings, you will see one problem each or all problems at once.

3. Check the state and elapsed time of the pool

- On the right hand side, you will see whether the pool is solved (checked) and how long the pool has elapsed.

4. Submit Quiz

- When you have finished solving the quiz, you must click Submit Quiz to complete the quiz.

participation in a discussion

1. From the Lecture Contents menu, click the list of Discussion you want to take.

video class

Notify me when video class creation is complete (reserved)
Check scheduled video lecture schedules
Participate in video lectures via mobile push notification
Participate in video lectures through the [Lecture Contents]

Notify me when video class creation is complete (reserved)

[Software Engineering 01 Division] Created on Week 3 2 of Week 2.

Created on Week 3 2 of Week 2.

Use the link below to participate in a video lecture.

– Participate through the lecture content menu

:

– Run Zoom Right to Participate

:

<https://xinics.zoom.us/j/94073718526?pwd=OEVZMWJKRiYzMHRUUHc5Uyt4RlIRdz09>

※ About the link 'Run Zoom right away and participate'

- The 'Run Zoom Directly to Participate' link is created as a personalized link that combines meeting passwords and is encrypted for security purposes.
- This link contains information for each student to check attendance. Therefore, if you share the link you received in the message with other students, your attendance at the video lecture may not reflect your attendance, so please be careful not to share the link.

1. If you create a video lecture, you can receive push notifications through your smartphone.
2. You can participate in video lectures through the Lecture Contents menu or directly through Zoom's personal links.

Check scheduled video lecture schedules

1. You can view scheduled video lecture schedules in your calendar by subject.
2. You can find a list of scheduled video lectures in the 'Lecture Contents' menu in the subject where video lectures are conducted.

The screenshot displays the XInics system interface. On the left is a blue sidebar with navigation icons for Account, Dashboard, Courses, Groups, Calendar, Messages, My Page, and Help. The main area features a calendar for September 2020. A red circle with the number '1' highlights a calendar event on September 7th. A red arrow points from this event to a detailed view on the right. This view shows a list of scheduled video lectures for the selected subject, '인문학개론' (Introduction to Humanities). The list includes lecture weeks (e.g., 1주차, 2주차) and their respective start times. A red dashed box highlights the '1주차 1차시' (Week 1, Lecture 1) entry, which is a '1주차 1차시 화상강의' (Week 1, Lecture 1 Video Lecture) starting on September 29th at 10:30 AM. A red circle with the number '2' is placed over this entry. Below the calendar, red text reads: 'subject in question Go to the Lecture Contents menu Participate in Video Lecture'.

Calendar Event Details (1):

- 11주차 1차시 강의
- 9월 7일, 오후 2:00 - 오후 3:00
- 캘린더: 인문학개론
- 위치: 화상 강의
- 세부정보: 강의콘텐츠 바로가기
- 참석자

Lecture List Details (2):

- 01 | 1주차 (0/1) 시작일: 7월 28일 오전 00:00
- 1차시: 1주차 1차시 화상강의 (화상 강의 | 진행시간: 1시간 0분) 시작일: 7월 29일 오전 10:30
- 02 | 2주차 (0/3) 시작일: 8월 4일 오전 00:00
- 03 | 3주차 (0/2) 시작일: 8월 11일 오전 00:00
- 04 | 4주차 (0/2)
- 05 | 5주차 (0/2)
- 06 | 6주차 (0/2) 시작일: 9월 1일 오전 00:00

Participate in video lectures via mobile push notification

1. When video lectures are initiated by the host, you are notified and can participate immediately.

When you click "Participate through the Lecture Contents Menu"

Zoom AutoPlay
to Join Video
Lecture

When you click "Run Zoom to Participate" right away,

- ※ About the link 'Run Zoom right away and participate'
- The 'Run Zoom Directly to Participate' link is created as a personalized link that combines meeting passwords and is encrypted for security purposes.
- This link contains information for each student to check attendance. Therefore, if you share the link you received in the message with other students, your attendance at the video lecture may not reflect your attendance, so please be careful not to share the link.

Participate in video lectures through the [Lecture Contents]

1. From the 'Lecture Contents' menu in the subject where video lectures are conducted, select the items to participate in the scheduled video lectures.
2. Select the items you want to participate in the video lecture and click the Join Video Class button.
3. Allow Zoom meetings to join Zoom client programs installed on your desktop to run.

The image shows a user interface for a learning management system. On the left is a blue sidebar with navigation icons and labels: '계정' (Account), '대시보드' (Dashboard), '과목' (Subject), '캘린더' (Calendar), '메시지함' (Message Box), '마이페이지' (My Page), and '이용안내' (Usage Guide). The main area displays a list of lecture contents under the heading '인문학개론 > 인문학개론'. A grid of numbered tabs (01-16) is at the top. The '01' tab is selected, showing a list of lecture items. The first item, '1주차 1차시' (Week 1, Session 1), is highlighted with a red dashed box. A red arrow points from this box to a larger, detailed view of the same lecture item. This detailed view shows the lecture title '1주차 1차시 화상강의' (Week 1, Session 1 Video Lecture), the start time '시작일: 7월 29일 오전 10:30', and the duration '진행시간: 1시간 0분'. At the bottom of this view is a large blue button with a Zoom icon and the text '화상 강의 참여하기' (Join Video Lecture).

Menus by Learning Activity Type

Learners can perform learning activities such as tasks/quizzes/discussions registered in the Lecture Content menu. This learning activity is also displayed in the Tasks and Assessment [Quiz and Survey][Discussion] menu at the same time, so it can also be performed through menus for each type. However, the learning activities you have registered directly in the Tasks and Assessment [Quiz and Survey][Discussion] menu are not included in the Parking Study and will not be displayed in the Lecture Contents menu. The learner needs to understand the current status of the study activity for each subject and proceed with the study.

Learning Activities Included in Weekly Learning

▶ Learning from [Lecture Contents] menu
Example: Week 1 assignment,
as in the Week 4 of discussion, etc.
Learning Activities Included in week

The learning activities registered in the [Lecture Contents] menu are: You can also check the menu by type.

Learning activities not included in weekly learning
▶ Learning through menus by type of learning activity

Example: discussion before midterms,
such as tasks submitted before the end of the semester.
Learning activities not included in the parking period

Learning activities registered through each type of menu are not included in the weekly learning and are not displayed in the Lecture Contents menu

1. Learning status

- In the 'Learning Status' section of each learning element, you can check the status of the completed learning.
- Video : You must learn all the attendance rates before you can complete them.
It is common to admit it when viewing more than 95% of the playback time, and policies may vary by University.
- Assignments/Quizzes/Discussions : You must submit or participate to complete it.
- PDF/file: You must download to complete it.
- Weblink/SocialMedia: Visit the appropriate learning page to complete.

2. Attendance status

- In the 'Learning Status' section of each learning element, you can check the status of the completed learning.
- You must learn all attendance rates within the admission period for the items that are eligible for attendance.
It is common to admit it when viewing more than 95% of the playback time, and policies may vary by University.
- If you are eligible for attendance recognition, you will be marked as 'late' if you learn all of the post-end-of-life learning rates when you are allowed to be late and 'absent' at the end of the period without completing the within-permit study.
- If you are not eligible for attendance, it will be displayed as 'Not for attendance'.
